Dear Ms. Salas:

On December 10, 2001, ICO Global Communications (Holdings) Limited representatives met with James Ball, Breck Blalock, Karl Kensinger, David Krech, Howard Griboff, Paul Locke and Ron Repasi of the International Bureau to discuss the above captioned proceedings. Attending on behalf of ICO were Gerry Salemme, Larry Williams, Suzanne Hutchings, Mark Grannis of Harris Wiltshire and Grannis, and the undersigned. During the course of the meeting, ICO briefed the staff on the comments and reply comments filed in the proceeding addressing an ancillary terrestrial component ("ATC") for mobile satellite service providers. ICO also responded to staff inquiries on outstanding issues based on its filings, including possible 'gating' factors for ATC deployment, ICO responses to technical questions raised by other commenters, and specific spectrum to be used for ATC.

In accordance with section 1.1206(b) of the Commission's rules, I am submitting an electronic copy of this letter. If you have any questions concerning this matter, please do not hesitate to contact me.
